# PLACE VENDÔME DOMES

# PLACE VENDÔME DOMES

**Location**

Doha, Qatar

**Client**

United Development Company (UDC)

**Contractor**Construction & Reconstruction Engineering  
Company (CRC)**Scope of work**Design, fabrication and installation of steel  
structures and glasses**Period of execution**

2017-2019

**Weight**

1.230 tons

Place Vendôme is a luxurious mixed-use development of one million square meters, hosting two parking basements and two parking towers, two floors with shops, three 5-star hotels and an internal canal directly connected to the sea.

The building is completed by thirteen skylight domes, different from one another both in shape and finishing. Maeg has realized both the steel structure and the aluminum and glass cladding of each dome, optimizing the combination amongst the different materials, proving itself as a competitor in the field of installations of architectural envelops. Overall, the weight of the steel structure amount to 1.230 tons, while the glass surface reaches 35.000 square meters.
